SPECIAL CONDITIONS OF SERVICE

1. Service rendered under this schedule is subject to the City's Rules and Regulations in effect from time to time.
2. Bills will be adjusted by the proportionate part of any tax or charge levied or assessed against the City or upon its water business as a result of any new or amended laws becoming effective after the effective date of this rate schedule.
3. Service will be rendered under this schedule when the City has facilities immediately adjacent to the customer's premises. If a main line extension is required to provide service to the customer, the customer's cost of the line extension will be determined in accordance with the City's extension policy in effect at the time of the extension.
4. If the installation of a service tap and meter is necessary to provide the customer with service, the cost of such installation is the responsibility of the customer.
5. A special charge will be made for a requested service turn-off or on as follows:
 - A. \$10 if such service is requested to be rendered during normal business hours.
 - B. \$20 if such service is requested to be rendered during non-business hours.
6. The homeowner will be billed for metered water when the water meter is found on by City personnel.
7. Abnormally high water bills caused when a customer has a water leak (break in line, leaking commode, etc) will be adjusted a maximum of \$150 for a maximum of two billing periods. A customer whose current water bill is abnormally high because of a water leak must bring or mail a receipt to the Utility Billing Department showing that the problem has been fixed or a written and signed statement from the customer if the customer repaired the problem himself. Utility Billing will require the completion of one additional full billing cycle in order to be certain that the problem has been fixed. If the customer's water bill returns to normal, they will be credited for one-half of the water that leaked for a total maximum adjustment of \$150. If necessary, this adjustment/credit may be made for a maximum of two billing periods if the customer experienced an abnormally high water bill for more than one billing period.
8. Minimum water bills will be assessed based on the number of electric meters. Apartments will be billed one minimum for each rental unit on the premises.

RATE SCHEDULE W-D

APPLICABILITY

This rate is applicable to all customers that receive water delivered into a tank truck, tank trailer, portable sprayer, portable mixer, or other similar container from a temporary meter set on a fire hydrant.

AVAILABILITY

This rate and service is only applicable to those who pay the required deposit and the fee for meter placement, and who are approved by the Director of Public Utilities prior to usage.

RATES

First 3,000 gallons	\$17.23
3,001 – 10,000 gallons	\$5.01 per 1,000 gallons
10,001 – 25,000 gallons	\$6.26 per 1,000 gallons
25,001 and above	\$7.83 per 1,000 gallons

MINIMUM CHARGES

The minimum monthly bill shall be \$17.23

TERMS OF PAYMENT

All rates specified herein are net, and the gross rates for delinquent payments are ten percent (10%) higher. Each bill for service is due within fifteen (15) days after issuance unless such day falls on a holiday or weekend, in which case payment is due on the next work day. If full payment is not received at the City's offices or other approved payment location on or before the due date, the customer will forfeit the entire deposit and the City may, at its sole option, remove the fire hydrant meter and terminate service to the customer.

CHARACTER OF SERVICE

Water supplied under this rate schedule is normally treated surface water approved for public water supply by the Texas Commission on Environmental Quality.

SPECIAL CONDITIONS OF SERVICE

1. The customer will pay an initial deposit of three hundred dollars (\$300.00) in cash or check to the City of Brenham.
2. In addition, where service is rendered from a fire hydrant, the customer will be required to pay a non-refundable fee of two hundred dollars (\$200.00) to cover the City's cost of setting up and removing a temporary meter on a fire hydrant. The superintendent of the Water Distribution Department has the authority to refuse service from any fire hydrant where, in his opinion, the rendering of such service would have an adverse effect on the pressure or flow to other customers in the surrounding area.
3. Service rendered under this schedule is subject to the City's Rules and Regulations in effect from time to time.
4. Bills will be adjusted by the proportionate part of any tax or charge levied or assessed against the City or upon its water business as a result of any new or amended laws becoming effective after the effective date of this rate schedule.

 - B. \$20 if such service is requested to be rendered during non-business hours.
6. The customer will be billed for metered water when City personnel find the water meter on.
7. Abnormally high water bills caused when a customer has a water leak (break in line, leaking commode, etc) will be adjusted a maximum of \$150 for a maximum of two billing periods. A customer whose current water bill is abnormally high because of a water leak must bring or mail a receipt to the Utility Billing Department showing that the problem has been fixed or a written and signed statement from the customer if the customer repaired the problem himself. Utility Billing will require the completion of one additional full billing cycle in order to be certain that the problem has been fixed. If the customer's water bill returns to normal, they will be credited for one-half of the water that leaked for a total maximum adjustment of \$75. If necessary, this adjustment/credit may be made for a maximum of two billing periods if the customer experienced an abnormally high water bill for more than one billing period.
8. Minimum water bills will be assessed based on the number of electric meters. Apartments will be billed one minimum for each rental unit on the premises.
